TABLET-SIZED POS SYSTEM DESIGN FOR SMALL BUSINESS

Compact, all-in-one solution without compromising on performance and functionality - the exclusive, splash-proof housing in combination with the small footprint underlines the claim for use in smaller shops. Whether you are looking for a suitable POS system for your boutique or a POS network to set up in your restaurant , the QUORiON QTouch 8 faces the challenge.
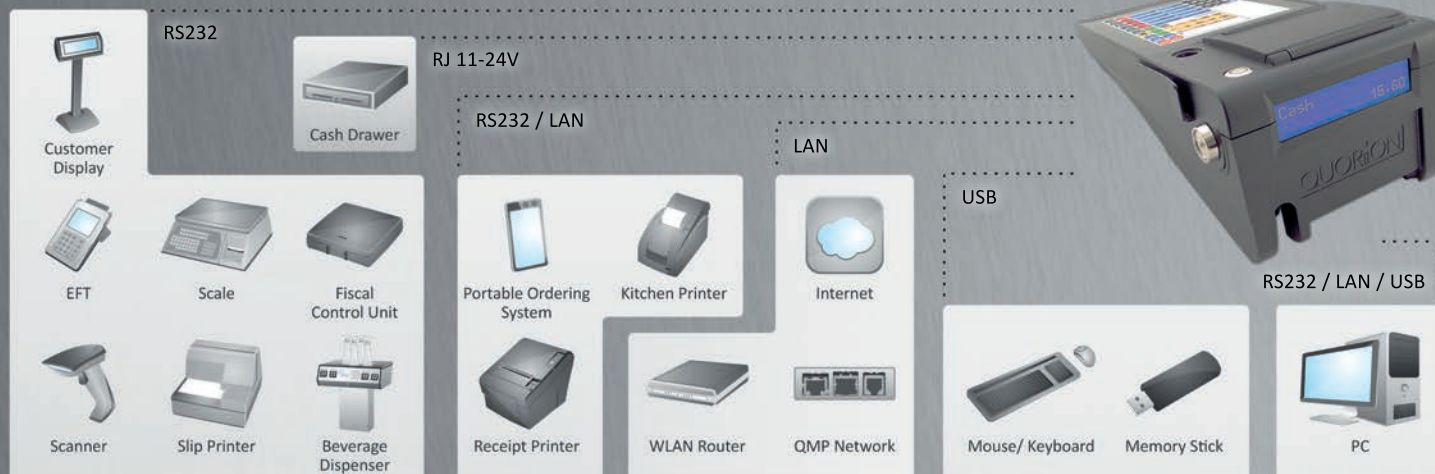

Provide a high level of customer satisfaction - trimmed on reliability and hardware performance, combined with an intuitive touchscreen operating and a fast and powerful thermal printer with easy-load function ensures quick and efficient workflows.

Benefit from a tailored solution - no matter whether retail, restaurant or bakery , the pre-installed QMP POS software can be easily adapted to individual needs and the working environment of your business. Take advantage of functionalities as the extensive table management, flexibly designed clerk changes and multiple, individually configurable price levels.

Keep track - thanks to a variety of flexible reports you have the current business developments always in mind.
